Response address: 1500 McDaniel

Response date and time: 08/10/20 - 1155 hours Nature of Call: Miscellaneous Investigation Recorded on Body Worn Camera: No

In Summary, but not verbatim:

On the above date and approximate time, I (Spells) spoke with reporter Andalib Khelghati (District 65 Assistant Superintendent) who explained that he was notified by District 65 Superintendent (Dr. Devon Horton) on 08/10/20 that he as well as District 65 school board members had received ten (10) emails between 08/06/20 - 08/08/20 in regards to a recent decision he made involving school services to minority students. According to Khelghati, Dr. Horton and other School Board Members shared concerns about the emails and requested that they be reported and subsequently investigated.

Khelghati forwarded the following emails:

Superintendent Horton, I find it highly disturbing that your school district has chosen to utilize students' race in determining eligibility for educational opportunities. Please re-consider your policy.

Subject: discrimination against Asians in District 65

Narr. (cont.) OCA: 20-006711

Evanston Police Department

Re the discrimination directed against children who look like you by Black Supremacists superintendent Devon Horton and deputy superintendent Latarsha Green, as described via the national media link and Evanston media reference below:

"We are in a pandemic." Horton said, according to a report from the Evanston RoundTable on Tuesday.... But there was a pandemic before this.... That was inequity and racism, and classism and all of these other things (emphasis added, to point out the intellectual depth of Devon's hate). Latarsha Green said the prioritized categories include "students receiving free or reduced lunch, Black and Brown students, students who received an I [Incomplete] or less than 50% on their report cards, (emphasis added, to point out the depth of Latarsha's hate in giving Black, token brown and (black) failing students preferences over your achieving (Asian) students), emerging bilinguals, and students with IEPs. (Parentheses added to show the real hate-filled and Black Supremacist agenda).

So, if I understand Devon's and Latarsha's progressive hate, kids who have melanin content like yours aren't welcome in District 65, and if they are already there, to the irritation of anthem-kneeling Latarsha and Devon, these kids can sit the hell at home while kids with more deserving melanin and fashionable sexual behaviors and failing performances get all the attention from your school district.

Have you chatted with and about the fact that there are no board members who have the approved black melanin content and the coming repercussions to you three because you don't? And how about the brown melanin content of the other members of your board? You think that the Latin American, Indian-Pakistani and stylish sexual identity-behavioral categories of your colleagues are going to mollify Devon and Latarsha for long? They're going to be taking their industrial grade lasers. IEDs and bolt-cutters to your houses next. And as they sit in the middle of a mob outside your house, and scream out that the street in front of your house is THEIR street, and not yours, you remember what you didn't do to stop their disgusting discrimination. And understand, that it will be too late to have a civilized discussion about absentee fathers, broken black nuclear families, Asian family emphasis on intact families and educational performance that are at the heart of black and yellow educational and incarceration differences.

You are a disgrace, to your school district and to YOUR race, as you apparently did nothing to stop these two Black Supremacists. Your failure to take them verbally, or via a law suit, by the collar and remind them of the black privilege emanating from ~15 trillion dollars in reparations paid to the black community since 1964, in the form of affirmative action, preferences, set-asides and quotas, means you should be removed yesterday because you said and did NOTHING as evil flourished, and kids who look like you were put at the back of the bus. Listen closely, tik tok, the because something wicked is coming for you next.

The article says, "priority to black and brown students who have been marginalized",.....hmmm. Ok, bigot. You, Devon (one can only guess your heritage) are the problem. The attitude that oozes from your words.... amazing. Oh, LGBTQ is a mental health issue - fyi. Suggest a career change, oh, like recruiter for BLM or Antifa. For you are doing a disservice to the public.

Wow the liberal regressive democraps are some racist people. So now it's reverse racism? Blacks and Hispanics get first choice at in person learning? Why don't you have a lottery and quit being racist like the racist rapist China Joe Biden?

What you're doing is a blessing for whatever white kids are still left in that shithole you run. They're going to be graduating in half the time with remote learning while you're babysitting all the brown kids.

You're such an imbecile. You can't even see beyond the immediate actions you take. You're just an overpaid pawn.

I'm sure that down the road you'll have the usual bunch of apologists covering up the messes you make.

Subject: Prioritizing in person learning

Dear Mr. Horton.

I am writing to you today because of an extremely concerning article I read regarding in person learning in your district. The way the article was written seems to indicate that your District will be giving preference to people of color. Now, I know how much the media loves to spin things to fit their narrative, so I am hoping that what I read has, at worst, merely twisted your words.

In a Country being torn apart by violence in the name of racism, I would hope that you and others in your school district would never stoop to selecting who benefitted from in person learning based on the color of their skin. That would go against everything that this great nation stands for and what all of these current protests are decrying.

I hope that you will reply to this email and assuage my concerns. For if you are in fact deciding educational opportunities based on race, then I, and no doubt many other citizens, will do every legal thing to see that such a racist and discriminatory policy is put to an immediate stop as well as seeing you removed from your current position and prosecuted for Civil rights violations under The Equal Educational Opportunities Act (EEOA) of 1974. It prohibits discrimination against faculty, staff, and students, including racial segregation of students, and requires school districts to take action to overcome barriers to students' equal participation.

Sincerely,

Hi

I received the following news information can you please adobe if this is correct. And if yes how was this decision made.

If we are going to limit the number of kids that can return to school that should be done by what kids need help/assistance. Kids that have IEP's 504.

This should not be based on race.

Subject: Return to School

Dear Dr Horton.

I'm writing to you because I'm very concerned and disturbed, as many others are, about the Fox 32 article titled "SUBURBAN SCHOOL DISTRICT INCLUDES STUDENTS OF COLOR IN GROUPS WITH FIRST CHANCE AT IN-PERSON LEARNING: REPORT.

How does it make sense to combat racism with racism? That is the loud and clear message readers have gotten. Why should there be a separation of races when all races have common issues? White people are being beat up and shamed for being racist. And we've been told only white people are racist. The way this article is written does not encourage a solution. It adds to the problem. And those trying to make things better are giving up.

Since the article has already made the separation of races I will feel free also. I see white people trying desperately to be empathetic to black people. To understand why they feel they are oppressed. We get slapped in the face. Why is there BET, Black History Month, Black Miss America, Black Universities where white people are not welcome. What is this called? If it was the other way around it would be called racism.

To give preference to black students is denying a white student, who may have a greater need to be in school. Why are black students being given preferential treatment? Why not offer this to any student that fits the need? These are kids. They are all important. What does this teach our children? You're white so you're not as important. Isn't that exactly what we're trying to eliminate.

There are a lot of very angry parents discussing this on Facebook. They deserve to hear from the person making the decisions and why the article specifically mentions Black and Brown. And why a white student may be denied due to space availability.

Thank you for your time.

Upon speaking with Khelghati, he advised me of the following: On 9-1-20 at approximately 0900hrs, his colleague, Dr. La Tarsha Green, received an unsettling postcard, addressed to her, in the mail. He stated that the postcard 'used threatening language through Bible verses about death' and that Dr. Green felt threatened. He also stated that an Evidence Technician collected said postcard for evidence. Additionally, Khelghati stated that SRO Miller had previously investigated strange letters received at Dist. 65 schools in the past to include: Park, Kingsley and the Early Childhood Center, but was unsure of the dates and listed September, October, or November of 2019 as possibilities. Khelghati continued that he also provided envelopes from those incidents to ET Messing for evidentiary purposes, as he felt as though the handwriting on all three pieces of evidence were 'similar' (See ET report for details). Khelghati requested that I follow-up with Green for more details about the postcard incident. He also requested that I contact Dist. 65 Superintendent, Dr. Devon Horton to provide an update about the case. Khelghati stated that he would be the point of contact for any additional updates going forward.

ET Messing sent me photos of the evidence that was collected. I observed a postcard that read the following:

Front of postcard was a pre-printed photo of a field of flowers with a cross and the words: Jesus We Love Him Because He First Loved Us. 1 John 4:19 (the postcard was not packaged).

Back of postcard:

"Jesus Loves You" (in black ink)

"Attn: La Tarsha Green" (all other writing in what appeared to be blue ink)

"Read Hebrews 9:27 in any Bible" (with some words underlined in what appeared to be red ink)

There was not any identifying information about the sender listed on the postcard or on either of the two envelopes collected. It is also unknown if the author(s) is the same for all three pieces of evidence.

Upon researching the above listed scripture, I learned the interpretation (according to the Christian version) to be: "Just as man is

what's coming

It is a huge problem that you have taken it upon yourselves to push an agenda that is racist, it is wrong and you are doing damage and when you start messing with kids you're all bringing, you're bringing what's, what you're gonna, what you deserve to yourself."

The audio file was uploaded to evidence.com

The postcard had written on it: "Division via propaganda doesn't do anybody any good. Everyone is equal- don't promote division, which you are doing! Change your tune!"

The postcard was documented as coming from Tampa, FL Saint Petersburg. FL on 06/30/21. The postcard was scanned and placed into evidence.com. The physical postcard was also placed into property.

Deputy District 65 Superintendent LaTarsha Green told me the police were informed so it is not considered an isolated incident, and to keep track of the messages. Deputy District 65 Superintendent LaTarsha Green said the current messages were not particularly threatening.

District 65 Superintendent Devon Green told me it is believed the voicemail from 07/02/21 is the same subject as the voicemail from 07/08/21.

District 65 Superintendent Devon Green told me on 06/24/21, his vehicle parked at District 65 was damaged by an unknown subject. The incident had a report number of 21-5142.

District 65 Superintendent Devon Green told me he would contact the Evanston Police Department if he was able to obtain any additional information.

Deputy District 65 Superintendent LaTarsha Green, District 65 Superintendent Devon Green, and Executive Assistant to the Superintendent, I were given my card with the case number of 21-5610 for the incident.

The case will remain open pending continued investigation
